Created for women-owned and led multi-million-dollar companies, the **Women Presidents' Organization** is the only global membership organization that connects accomplished women presidents, CEOs and managing directors in non-competing businesses, for the purpose of accelerating growth.

**WPO** members serve as an informal board of directors who collaborate to tackle a wide range of strategic and operational challenges, in a highly individualized and confidential setting.

Membership in **WPO** is a badge of accomplishment for women who have earned their place among successful entrepreneurs. A prospective member must have an ownership interest in her business, which must generate at least \$1 million in gross annual revenue if service-based, or at least \$2 million in gross annual revenue if product-based.

If your company qualifies, please join us on April 15th. Meet **WPO's** Michigan chapter members, network with other women business owners and learn why **WPO** continues to grow across the globe.
